In response to your letter:

- Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to roadside mailboxes or Centralized Box Units. Customers do not have to make a special trip to the Post Office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the Clayton postmaster for more information.

In response to your letter:

- Many retail outlets and grocery stores are now displaying a public bulletin board in which items can be posted for sale, and/or lost and found items can be posted, and a variety of other information.
- The meeting was held at a time where customers would routinely pick up their PO Box mail. All customers with delivery in the 13641 zip code received the same meeting notice and questionnaires, in order to have the opportunity to express their concerns.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the Fishers Landing Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- We can review two possible options that may eliminate this problem: potential 24 hour access at the Clayton Post Office or a centralized delivery unit in Fisher's Landing.
- We can review two possible options that may eliminate this problem: adding a swivel unit for Fishers Landing PO Box customers in the Clayton lobby or a centralized delivery unit in Fisher's Landing.
- A site visit was conducted and it has been determined that there is adequate parking. Please note that during this study, the Postal Service is exploring several options for alternate delivery. This may include any of the following: centralized delivery units in Fishers Landing; expanding 24 hr. lobby access to Clayton Post Office; or a Village Post Office concept (new).
- The meeting was held at a time where customers would routinely pick up their PO Box mail. All customers with delivery in the 13641 zip code received the same meeting notice and questionnaires, in order to have the opportunity to express their concerns.
- There is no evidence to indicate that property values decline when a Post Office is discontinued. There has been minimal growth in the area and carrier service can accommodate any future growth.
- The Postal Service is required to provide one free form of delivery. When street delivery is not feasible, customers are afforded no-fee PO Box service.
- Murray and Grenell Island are Contract Postal Units. These are considered types of alternate access. Business that are interested in more information about operating a Contract Postal Unit can receive literature upon request.
- A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the Fishers Landing Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.

In response to your letter:

- Retail services provided at the post office are available from the carrier. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience. Listed below are some services available from the carrier and how to obtain them. **PURCHASING STAMPS BY MAIL** The Stamps by Mail Program provides customers the opportunity to purchase stamps, envelopes, and postal cards by using Form 3227-R, Stamp Purchase Order (Rural), available from the post office or the carrier. Commemorative stamps and stamp collecting products are also available. The customer addresses the postage paid order form envelope, encloses payment by personal check or postal money order made payable to the US Postal Service, and mails the form (postage-free) or leaves it in the mailbox for the carrier to pick up. Most orders are processed overnight, and some immediately. **PURCHASING POSTAL MONEY ORDERS** Customers may purchase money orders by meeting the carrier at the mailbox, completing an application, and paying the carrier (in cash) the price of the money order, plus the fee. The carrier gives the customer a receipt for the application. The money order is completed when the carrier returns to the post office, and a money order receipt is left in the customer's mailbox on the next delivery day. Most customers provide the carrier with a stamped, self-addressed envelope in which the completed money order is mailed to its destination. If customers prefer, the completed money orders will be returned for verification on the next delivery day. **SPECIAL SERVICES** Special services such as certified, registered, Express Mail, delivery confirmation, signature confirmation, and COD may be obtained from the carrier by leaving a note in the mailbox, along with the appropriate payment. The carrier will provide the services that day and leave a customer receipt in the mailbox on the next delivery day. **HOLDING MAIL** Customers who will be away for an extended time, such as a vacation, may request that their mail be held at the post office during their absence. Upon return the customer asks the post office to resume delivery.

If it is determined that a discontinuance of the Fishers Landing Post Office should be pursued, a formal proposal will be posted in the Clayton Post Office and Fishers Landing Post Office at a later date. In response to your letter:

- The study to close was initiated to determine if effective and regular service can be provided by a more cost-effective alternate service. Expenditures such as salary, benefits, and lease, to name a few would be much larger cost savings when alternate services are available. Reducing hours to part time would require proposing to change the independent post office to a station/branch. We are also exploring the feasibility of centralized delivery.

In response to your letter:

- A site visit was conducted and it has been determined that there is adequate parking. Please note that during this study, the Postal Service is exploring several options for alternate delivery. This may include any of the following: centralized delivery units in Fishers Landing; expanding 24 hr. lobby access to Clayton Post Office; or a Village Post Office concept (new).
- The study to close was initiated to determine if effective and regular service can be provided by a more cost-effective alternate service. Expenditures such as salary, benefits, and lease, to name a few would be much larger cost savings when alternate services are available. Reducing hours to part time would require proposing to change the independent post office to a station/branch. We are also exploring the feasibility of centralized delivery.
- A community's identity derives from the interest and vitality of its residents and their use of its name.
